DOUBLE-SIX DOMINOES

Games using the standard Western double-6 domino set. Dominoes are tile-matching games: players extend a chain by playing tiles whose pip values match the open ends of the layout.

THE DOUBLE-6 SET (28 TILES)

28 tiles covering every combination of two values from 0 to 6 (including doubles). Each tile is called a **bone**. Tiles with the same pip on both halves are **doubles**.

COMPONENT	DETAIL
Tiles (bones)	28 (0-0 through 6-6)
Pip range	0-6 per half
Doubles	7 (0-0, 1-1, 2-2, 3-3, 4-4, 5-5, 6-6)
Total pips	168
Boneyard	Remaining tiles after deal, drawn from face-down

Mexican Train uses the double-12 set (91 tiles, pips 0-12) for larger player counts.

GAMES

- ♦ [All Fives](#) – Block with scoring. Score when open ends sum to a multiple of 5. First to 61 or 121.
- ♦ [Block](#) – The foundation game. Match ends, no drawing from the boneyard. First to empty hand or block opponent wins.
- ♦ [Chickenfoot](#) – Each double creates a branching chickenfoot (3 open ends) that must be filled before normal play resumes. 2-8 players.
- ♦ [Mexican Train](#) – Hub-and-spokes layout using double-12 set. Build personal trains from the central double. A shared Mexican Train is always open.

ATTRIBUTION

All games in this hub are public domain. Individual attribution in each game entry.
