SECTION 1

OVERVIEW

Talisman: Hexed replaces the fixed Talisman board with 61 hexagonal tiles arranged in concentric rings. Every game deals a new map — same characters, same cards, same spells, completely different journey.

The square Talisman board gets boring fast — same path, same encounters, same finale every game. Hexagonal tiles let us deal a new map each session and keep the journey unpredictable.

WHAT THIS MOD DOES

Replaces: The Talisman board (outer, middle, and inner regions).

Keeps: All characters, adventure cards, spell decks, purchase cards, stranger cards, warlock quests, and core rules. Your entire encounter library is untouched.

SECTION 2

THE FOUR RINGS

61 tiles arranged in concentric rings:

- ♦ **Outer Ring (24 tiles)** — The world. Forests, villages, plains, and ruins. This is where most early-game exploration happens.
- ♦ **River Ring (18 tiles)** — Connects across rings. 10 of these are water tiles that require a boat token, raft, or relevant character ability to cross.
- ♦ **Middle Ring (12 tiles)** — The highlands. More dangerous encounters, better rewards. Equivalent to the original middle region.
- ♦ **Inner Ring (6 tiles)** — The dungeon approach. The final gauntlet before the Crown.
- ♦ **Central Tile (1 tile)** — The Crown of Command. Unchanged from base Talisman.

SECTION 3

SPECIAL TILES

- ♦ **10 water tiles** connect across rings via the river. They act as bridges between rings but require passage ability.
- ♦ **4 desert tiles** act as Talisman's traditional "Desert" region — no rest, no healing.
- ♦ **Remaining tiles** map onto the original board's encounter spaces, redistributed randomly each game.

SECTION 4

MOVEMENT

Roll 1d6 and move that many tiles in any direction along legal edges. You may cross river tiles only with a boat token, raft, or relevant character ability.

KEY DIFFERENCES FROM BASE TALISMAN

- ♦ Movement is **multidirectional** — you choose which direction to travel along hex edges, not just clockwise/counter-clockwise.
- ♦ **River crossing** requires specific items or abilities. Without them, river tiles block your path.
- ♦ The **shortest path** between two points changes every game because tile layout is randomised.

SECTION 5

SETUP

- 1 Separate tiles by ring (outer/river/middle/inner/central).
- 2 Shuffle each ring's tiles face-down.
- 3 Deal the central tile first, then build outward: inner ring around it, then middle, then river, then outer.
- 4 Place tiles face-up as you lay them — the map is open information.
- 5 Set up characters, decks, and tokens as per standard Talisman 4e rules.

SECTION 6

WHAT HASN'T CHANGED

All Talisman 4e (revised) cards, characters, spell decks, and adventure cards work as-is. Hexed only replaces the board — your encounter library is untouched.

- ♦ Character abilities, stats, and progression: unchanged.
- ♦ Combat, craft, and strength: unchanged.
- ♦ Spells, objects, followers: unchanged.
- ♦ The Crown of Command endgame: unchanged.
- ♦ Expansion content: fully compatible.

COMPONENTS

REQUIRED

- ♦ Talisman 4e (revised) base game
- ♦ Card decks (Adventure, Spell, Purchase, Stranger, Warlock Quest)
- ♦ Character cards + miniatures

PRINTABLE (INCLUDED)

- ♦ 61 hexagonal tiles (PDF)
- ♦ Tile inventory + assembly diagram
- ♦ River movement tokens

YOU'LL ALSO NEED

- ♦ 1d6 standard die
- ♦ A large flat surface — 4ft × 3ft minimum
- ♦ Patience for tile shuffling
